Compassionate Support on Life's Journey

Our goal is that every Californian who requires hospice care will receive it early, efficiently, and compassionately.

Who We Are

Assure Hospice Care is proud to serve our patients as a fully licensed and certified hospice provider by both the California Department of Public Health and The Joint Commission on Accreditation of Healthcare Organizations (JCAHO).

We provide compassionate care for people in the last phases of a life-limiting illness in their place of choice, be that at their own home or in a care facility.

Assure Hospice Care is a quality independent hospice provider located in Harbor City, California, serving the Southern California region.

Our Mission and Vision

Assure Hospice Care provides an individualized compassionate program of physical, emotional, spiritual, and practical care for people in the last phases of a life-limiting illness with an emphasis on control of pain and other symptoms.

We recognize the unique physical, emotional, psychological and spiritual needs of each person receiving hospice care.

We believe in ensuring that all reasonable efforts are made to provide compassionate and quality care to our patients in a timely manner to all who qualify regardless of race, religion, sexual orientation, ethnic background or ability to pay.
